Building Enclosure Solutions

Partnership Through the Project.

IB Roof Systems™

A Partner From the First Line You Draw

IB Roof Systems takes a wholistic approach to every project, working with you while the roof is still in the design phase. Our technical team reviews job plans and confirms that the products you specify meet your performance requirements, so the system you design is the system that gets built.

We Start With You

- Job plan and specification review from our in-house and peer technical teams
- Custom fabrication, colors, and detailing for critical or complex designs
- Detail drawings, BIM object and specification manuals at IBroof.com
- Custom-made accessories available for design accuracy

We Stay With You

- Field representatives credentialed as NRCA ProCertification Thermoplastic Qualified Assessors and IIBEC Registered Roof Observers
- Pre-construction meetings, job-start, interim, weekly, and final inspections
- Vertically integrated, nationwide distribution for on-time, on-budget delivery
- Access to validated Master Pro and Single Ply Pro Contractors

We're With You After Handoff

- Total System Warranties available up to 30 years, with 5-year extension options
- Annual and five-year maintenance inspection programs available
- Free recycling coordination and acceptance of PVC membranes at the end of service life
- The first third-party validated carbon neutral roofing membrane on the market

Why Specify IB?

- We offer premium products with thicker weathering surface on our PVC membranes
- Nation-wide distribution
- Best-in-class warranty offerings including roof + wall building enclosure warranties.
- Unsurpassed technical expertise and partnerships
- Professional detail reviews available
- Connection to vetted contractor installation teams

Building Enclosure Solutions

Since 1978, IB Roof Systems has partnered with the building enclosure community to deliver roofing systems built for performance, sustainability, and long-term value. As part of the Kingspan Group, a global leader in insulation and building envelope solutions, IB combines decades of roofing expertise with expanded product manufacturing.

What is IB's commitment to the building enclosure community? Partnership. From pre-project planning through technical support, peer review and on site involvement during installation. IB Roof is part of the team, making your project successful.

How do I earn LEED points? Visit ibroof.com/sustainability for our LEED v5 category breakdown and Carbon Calculator.

Where can I find specifications? IBroof.com offers FastSpec specifications, construction details, access to BIM Object and more.

Let's Partner on Your Next Project.
