

Product Description:

IB® PVC T-Joint Patch is a five-inch diameter, round, general purpose PVC patch made from 60-mil reinforced IB PVC membrane.

Use:

IB® PVC T-Joint Patches are primarily used to seal and reinforce T-joints in the field of roof and along flashings (required on 80 mil membrane installations), minor repairs (less than 2" diameter), and start/stop auto-welding locations.

Thickness:

60 mil

Available Colors:

White	Cool Sand	Cool Stone	ChemGuard
Bronze	Gray	Tan	Terra Cotta

Sizes:

5-inch diameter

Packaging:

- Sold in a 50-quantity pack.
- Weight: 2.1 lbs. per pack.

Storage:

Store indoors, out of direct sunlight, in original unopened containers and away from objects that could cause physical damage or create punctures as well as ignition sources.

Application:

Refer to IB PVC Specifications and Construction Details for installation requirements and additional information for specific uses. Refer to www.ibroof.com for additional installation instructions. Membranes must not be applied during adverse weather or without precautionary measures in temperatures below 40°F (4°C). All surfaces should be clean, dry, free of dirt, dust, debris, oils, soaps, coatings, and other contaminants that may inhibit bonding.

Product details stated are nominal as manufactured, and the results of tests and/or calculations and therefore are non-binding and do not represent a guarantee or warranted characteristics. User and/or designer are responsible for confirming suitable performance for specific application and conforming with all applicable laws and regulations.

Safety Precautions:

Use proper equipment and assistance when moving, lifting, handling, or transporting membrane rolls to avoid personal injuries as well as damage to the membrane. Refer to the Product Safety Data Sheet for additional safety information.
