

Product Description:

IB Poly Separator Sheet is a 4-ounce polyester based woven fiber sheet that is used as a separation layer between IB membranes and incompatible or contaminated materials and surfaces. It can also serve as a protection layer between overburden items such as stone ballast, wood decking, pavers, etc.

Use:

For use as a general duty separation layer between compatible and non-compatible roofing components. Contact IB Technical Services department for more details.

Application:

Install full width rolls lapping a minimum of 2" on sides and ends from low point of roof. Preliminarily fasten with IB approved fasteners and 3" round insulation plates sufficiently to hold in place. Intended for simultaneous attachment with an IB TPO or IB PVC membrane or may be loose laid in conjunction with PVC ballasted assemblies.

System Installation Methods:

Mechanically Attached

Ballasted

Storage:

Store IB Poly Separator Sheet indoors, out of direct sunlight, in temperatures between 60°F – 80°F (16°C – 27°C) in original unopened containers and away from objects that could cause physical damage or create punctures as well as ignition sources. The membrane is flammable and will catch fire when exposed to open flame.

Safety Precautions:

Use proper equipment and assistance when moving, lifting, handling, or transporting membrane rolls to avoid personal injuries as well as damage to the membrane. Refer to the Product Safety Data Sheet for additional safety information.

Self-Life:

18 months from date of manufacture

Product details stated are nominal as manufactured, and the results of tests and/or calculations and therefore are non-binding and do not represent a guarantee or warranted characteristics. User and/or designer are responsible for confirming suitable performance for specific application and conforming with all applicable laws and regulations.

Packaging

Product	Squares/Roll	Roll Size
IB Poly Separator Sheet	27 Squares (2,700 sq. ft.)	7'6" x 360'
Weight	Coverage w/ 2" Lap	Rolls/Pallet
90 lbs.	26.39 Squares (2,639 sq. ft.)	12
