

Product Description:

IB HD Poly Separator Sheet is a heavy duty 16 oz. polyester based woven fiber sheet that is used as a separation layer between IB membranes and incompatible or contaminated materials and surfaces.

Use:

For use as a heavy-duty separation layer between compatible and non-compatible roofing components. It can also serve as a protection layer between overburden items such as stone ballast, wood decking, pavers, etc. IB HD Poly Separator Sheet is an ideal cushioning layer for ballasted assemblies over concrete decks. Contact IB Technical Services department for more details.

Application:

Install full width rolls lapping a minimum of 2" on sides and ends from low point of roof. Preliminarily fasten with IB approved fasteners and 3" round insulation plates sufficiently to hold in place. Intended for simultaneous attachment with an IB TPO or IB PVC membrane or may be loose laid in conjunction with PVC ballasted assemblies or between membrane and overburden constructions.

Storage:

Store IB HD Poly Separator Sheet indoors, out of direct sunlight, in temperatures between 60°F – 80°F (16°C – 27°C) in original unopened containers and away from objects that could cause physical damage or create punctures as well as ignition sources. The membrane is flammable and will catch fire when exposed to open flame.

Product details stated are nominal as manufactured, and the results of tests and/or calculations and therefore are non-binding and do not represent a guarantee or warranted characteristics. User and/or designer are responsible for confirming suitable performance for specific application and conforming with all applicable laws and regulations.

Packaging:

IB HD Poly Separator Sheet		
Product	Squares/Roll	Roll Size
IB HD Poly Separator Sheet	11.25 Squares (1,125 sq. ft.)	7'6" x 150'
Weight	Coverage w/ 2" Lap	Rolls/Pallet
135 lbs.	11.0 Squares (1,100 sq. ft.)	10

Self-Life:

18 months from date of manufacture

Safety Precautions:

Use proper equipment and assistance when moving, lifting, handling, or transporting membrane rolls to avoid personal injuries as well as damage to the membrane. Refer to the Product Safety Data Sheet for additional safety information.
