

**Product Description:**

IB® NR Metal Joint Patches are pre-cut, non-reinforced IB PVC membrane patches designed to be used in conjunction with a single-sided, bond breaker foil tape at butt joints of IB Clad Metal Drip Edge and IB Clad Gravel Stop. When used at the butt joints of clad metal in accordance with IB Construction Details, the inherent flexibility improves resistance to metal movement at the joint while permitting a watertight, hot air welded seam to clad metal flashings and IB membranes.

**Thickness:**

- 60 mil

**Size:**

- 5" x 8" each

**Packaging:**

- Sold in a 50 units pack or in bulk 10 packs (500 units) per box.
- Weight: 5.1 lbs. per pack, 55 lbs. per box
